FOREWORD

We have named our yearbook The Warwick for the county in which the school is located because we wish to emphasize the interdependence of school and community. We have chosen for our theme, The School is the Heart of the Community. As the heart propels rich, new blood through the body, so the school sends forth each year a stream of invigorating youth to raise the level of the community.

On the following pages, we have sought to mirror our school life as we live it today. Here we are, as we work, as we play, as we grow, the students of Warwick County High School. We hope that the citizens of the community will find this record interesting, and that we ourselves, upon looking back, will be warmed by a host of pleasantly nostalgic memories.

WARWICK COUNTY HIGH SCHOOL

DEDICATION

We, the students of Warwick County High School, cherish the worthy accomplishments of our county's past. We are interested in the needs of its present. We wholeheartedly dedicate our energies and abilities toward creating for it in the future a richer, fuller, and happier community life.

We Survey Our Past . . .

In fostering the feeling of close relationship between school and community, we believe that an appreciation of our past history is a powerful factor. We wish continually to have in our minds that fortitude, resourcefulness, and patience are needed today for the solution of problems just as they have been in every period of the past.

Warwick County was one of the eight shires into which the colony of Virginia was divided in 1634. There was great sorrow and privation caused by Indian massacres, and by agricultural ignorance, until the pioneers learned how to grow corn. The pleasant climate and fertile soil proved suitable for the growth of tobacco. Warwick County's location near the mouth of the James River made it accessible for shipping this product to England, the mother country. It was with her assistance that this small county developed from a pioneer region into a thriving community, living in a simple but gracious manner.

Because of its location, the county has felt the impact of all our major wars. The Revolutionary War swept over it. The Civil war devastated it. In World War I, Warwick County became alive with war activities. New roads were built, new homes erected, such as those in Hilton Village. During World War II, since Warwick County is so close to two large ports, Norfolk and Newport News, it has been one of the main centers of shipbuilding tnd transportation. A swampy forest was soon transformed into Camp Patrick Henry, a port of embarkation. People came here from every state in the Union, increasing the enrollment of the schools almost beyond capacity. It was necessary to make a number of adjustments to accommodate these multitudes; for example, erecting gas holders, water plants, schools, and dwellings.

Many problems are being solved by modernizing the form of government, enlarging health, welfare, and recreational facilities, and increasing the opportunities for permanent work. Great emphasis is being placed on making our schools modern and useful, and on promoting a spirit of cooperation among parents, teachers, and students.

ADMINISTRATION

CLERK'S OFFICE

Warwick County has passed through several phases in its governmental development from the autocratic colonial system to the present form. Today the school, like the community, strives for a combination of efficiency and democracy, designed to meet modern needs.

ENTRANCE TO MARINERS' MUSEUM

ACTIVITIES

Like those of other southern communities, the people of Warwick County have from the earliest times worked and played with zest. Our school carries on this tradition. The students engage in diversified activities which tend to develop them into well-rounded, social-minded young men and women.

Third Row: Bill Parkinson, Bill Crawford, Grover Long, Don Ashby, Bobby Updike, Eugene Sweat, Maurice Tonkin, Mrs. Geddy.

Student Cooperative Association

The most important organization in Warwick County High School is the Student Cooperative Association. This association was formed with the idea of promoting better relationship among students, teachers and the community.

Early in the fall, the students of Warwick County High School participated in the election of officers for the newly formed Student Cooperative Association. The election was conducted by the government classes on the same order as a state election. The congress of this organization is composed of all homeroom presidents. Each homeroom has a specified committee of which the homeroom president is in charge. The Student Cooperative Association plans and sponsors all activities and organizations in the school. On the pages that follow are pictures of the activities that were sponsored by this association. In some of these, such as the Hallowe'en Frolic and the Christmas celebration, the people of the community, as well as teachers and students, took part.

Left to right: Louise Long, Kathryn Ware, Cleora Smith, Ann Hicks, Gene Bonewell, Ann Hollingsworth, Anne Pully, Lear Ponton, Billy Knox.

TERRY MAHLOY
Editor

EDITOR-IN-CHIEF

The eidtor-in-chief, Terry Mahloy, deserves much credit for the big job he has accomplished on the yearbook. He has shown more than a little patience while coping with the many problems that have arisen, and has won the respect of the entire staff.

SPONSOR

Through Mrs. Geddy's untiring efforts, we have at last produced our yearbook. Mrs. Geddy, the sponsor, has worked quite as hard as any other staff member. Always on hand to advise and help us, she has been our mainstay and support.

"The Warwick" Staff

The members of THE WARWICK staff, inexperienced and faced by problems that staggered them, have worked long and zealously to compile a yearbook.

They wish to express their appreciation to Mr. Anderson who has instructed them in financial affairs, and to Mr. Bonsor, the photographer, whose work appears in these pages. Homeroom 5 has given the staff office space and all students who have classes or activities period in that homeroom have been called upon for some service. Indeed, the entire school has cooperated splendidly.

First Row—Left to right: Peggy Evans, Jane Brimmer, Betty Jo Mann, Ann Hollingsworth, Allene Welsh, Jean Mayo, Nan Riley, Doris Sterling, Doris Elliott.
Second Row: Nancy Nicholson, Lizzy Deuell, Betty Michie, Ann Hicks, Allene Neal, Betty Chalkley, Louise Long.
Third Row: Pat Tighe, Jackie Butler, Herman Wente, William Mitchell, John Mullen, Paul Hudson, Marvin Ford, Buddy Greene, Nelson Rancorn, Sandros Asycue, Norma Johnson.

Warwick Staff Assistants

This yearbook would not have been possible without the willing efforts of the students in the above picture. Special recognition is due them for the time and talent they have contributed.

Many of the unique artistic features were drawn by Nancy Nicholson, Nelson Rancorn, Hermon Wente, and John Mullen.

Many hours of tedious work were spent by Sandros Ayscue, Herman Wente, Marvin Ford and Nelson Rancorn.

Billie Abernathy, no longer a student at Warwick County High School, worked faithfully on the advertisements until she left school early in March.

The French students decided to make French study more interesting this year, and they did. They have carried out programs of French conversation, and reports on the history of France, French literature and authors.

Under the guidance of Mrs. Hutton, the members of the Spanish Club have approached fluency in use of the Spanish language. They have written letters to boys and girls of South America.

They have engaged in social life, celebrating the Spanish holidays with parties, hayrides, and even Spanish song-fests.

The *Horatio Societas* was begun in 1936. Its members are composed of students who are taking or have taken Latin. Each year the club has various teas, dances, parties, and a traditional banquet.

The ideal of the club is to become better acquainted with Latin history and, of course, more familiar with the language.

Warwick High School Band

Here at Warwick High we have a school band this year. Mr. Slusser, the instructor, began with only five students who were familiar with band work. Now the band is composed of sixty-one pupils whom he taught well enough to present a concert on March eight for students and parents in the community.

The band, led by six majorettes, a drum major, and a mascot, marched and played for football games.

A HORSE SHOW

ATHLETICS

Fishing and hunting are the healthful outdoor sports which have always been popular in Warwick County. Football, basketball, baseball, and physical education in our schools are today enthusiastically supported by the community as well as by the students.

COACH SPANGLER

COACH O'HARA

Football

The 1945 football season was highly successful here at Warwick High. This year's team will be long remembered as one of courage and fight. Although this year's record shows that the Warwick lads lost four conference games while winning three, it doesn't tell the complete story.

Being handicapped by the loss of thirteen letter men didn't stop the Farmers. They fought hard against all opposition and refused to lose a conference fray by more than a lone touchdown.

Too much praise can not be given to the new coaching staff. Coaches Bobby Spangler and Bill O'Hara have done a thorough job in teaching and perfecting a strong football team. Not only have they developed a good team in this past year, but have planned a strong team for the future season.

Once again the students of Warwick County High bow to the fine job done by our team in the past season. The fight that our squad showed will live long in the heart of every student.

WARWICK 0—THOMAS JEFFERSON 25

The warm up battle with the powerful class "A" aggregation from Richmond proved too much for the light Farmers, who were on the short end of a 25-0 count.

WARWICK 6—NORVIEW 13

Opening their class "B" conference schedule, the Maroon and Gold crossed the bay to drop a close 13 to 6 game to Norview.

WARWICK 13—CHURCHLAND 0

The following Friday night found 2300 fans jamming the Apprentice Stadium to see the Warwick lads play their first home game. Combining timely passing and driving power plays, the Farmers downed the Churchlanders, 13-0.

WARWICK 0—OCEANA 7

Fresh from their first victory, the Fighting Farmers crossed the river to take on a strong team from Oceana. This game will be long remembered as the most weird ever played by a Warwick team. The game ended in favor of Oceana, 7 to 0.

WARWICK 13—CRADDOCK 0

The Warwick team got back to conference competition on the next Friday night when they met the Craddock Admirals. It was a rough and tough battle all the way through, with the Farmers winning 13-0.

WARWICK 27—POQUOSON 0

The easiest opponent of the year was Poquoson. The Farmer's straight football was too much class for the Poquoson team. The Warwick boys compiled 27 points to Poquoson's zero.

WARWICK 12—MOUNT VERNON 12

The Warwick eleven played host to a fast Mount Vernon team from Washington on the next week's card. This game was packed with excitement throughout. Fast running attacks, trick plays, and long passes sparked the play. This game, although non-conference, was marked as a battle of equal ability.

WARWICK 0—SOUTH NORFOLK 6

Getting back to conference games, the Warwick squad put on a superman job against a highly favored South Norfolk team, but finally gave way to the big South Norfolk aggregation, 6-0.

WARWICK 12—SUFFOLK 13

Being out of Class "B" race, the Fighting Farmers decided to make the championship-bound Suffolk Red Raiders fight for the honor. The Warwick team's courage will long be remembered. On a last minute run, a Suffolk back crossed the Warwick goal to win, 13 to 12.

Basketball '45 and '46

As Ole Man Winter rolled around, the Warwick High School Athletes retreated to their cozy, red brick gym. There, under the leadership of Coach O'Hara, they rounded into a strong court aggregation.

Although lacking in the essential assets of height and experience, the Maroon and Gold became a likely contender for the conference crown.

Many times during the season, things looked as though the Warwick lads were going to become conference champions. This hope was relinquished as the Farmers became shy of hitting the meshes.

BILL O'HARA, Coach

Playing the strongest schedule ever, the Warwick team gave an excellent performance. In conference competition, the Warwick squad met highly experienced teams, and were still able to count eight wins against five losses. To add to their season's records, the Warwick Five won nine non-conference games against one defeat.

The main reason for the past season's success is the patience and guidance of Coach Bill O'Hara. With his jumping-jack aggressiveness, it was never doubtful that the Farmer team would be one of the best. Credit too should be heaped upon the lads whose high spirit made Warwick a threat to all other teams.

As appreciation for the fine work done by the team, Coach O'Hara took his boys on a week end trip to the nation's capitol, where the lads of Warwick played some of the finer teams in the Washington area.

To open the season, the Warwick lads met a sharp team from St. Vincent's. Although this contest was tight all the way, the Farmers held command and went on to win, 28-24.

On January 4, the Warwick squad played host to a hard fighting Churchland team. The Farmers went on to win by a landslide score of 39-20. This was the Farmers' initial conference game.

Traveling to Norfolk the following Friday night, the Farmer quint found it too hard to hit the hoops on a strange court. The South Norfolk crew poured in plenty of two pointers to take the Farmers by a 45-27 score.

The hard fighting Warwickmen reinstated themselves as they bowled over a weak Poquoson Five by a 38-13 score, leading at the half 20 to 10. The Farmers had things their way, scoring at will.

Back in the conference race on the next Tuesday, the spirited Warwick crew met a fast Broad Creek team. Taking a lead of 8-2 at first period, the O'Hara-men amassed 37 points to the Westsiders 18.

Playing their fourth conference game before a packed crowd, the Warwick aggregation tripped a highly defensive Suffolk team by a 27-22 count. This was the most exciting game yet played by the Warwick-men.

Hope for the conference championship was weakened when a strong squad of courtmen crossed the river from Alexander Park. The Park boys gave the Farmers their second defeat of the season. The final score was 32-20.

Crossing the bay, the Farmers engaged a fighting Craddock squad. This game was an equal battle all the way. The score at the half time found the Warwick Five leading 16-12. Although the Admirals fought constantly, the Warwick team had the most points and that was the deciding factor.

Returning home on the next Friday night, the Farmers found the going tough when they hooked up with an undefeated Norview team. All hope of the championship went out the window as the powerful Norviewians dropped in 16 field goals and 10 free throws to Warwicks' 5 and 6 respectively. The final score was 42 to 16. The game proved that experience is an important factor in any sport.

After recuperating from their Norview loss, the Farmers managed to outscore a doubtful team from Oceana. Leading half way the Warwickers came out on the top end of a 21 to 13 count.

On the next Friday evening the Warwick lads took a 33 to 18 licking from a sharp-shooting Alexander Park team. The calibre of the Park team had changed very little. The Parkers nearly duplicated their first victory over the Farmers.

The Farmers engaged an improved Churchland team in their next battle. The fact that the local Five got off to a flying start was the deciding factor. The Churchland team was unable to overcome the Farmer's lead. The Warwick lads, who were ahead at the end of each quarter won by a 30 to 24 score.

Craddock High School was the next objective in the Farmers' way. Although Warwick defeated them in their first meeting, the Craddock lads turned the tables and poured it on the locals, by a score of 31 to 23. In the final period, Warwick was unable to stave off the offensive power of the Portsmouth team.

As the season was drawing to a close, the O'Hara-coached-Five crossed the bay to Norview. For the second time of the season, Warwick fell before the powerful Pilot team. The final score was a 54 to 24.

Playing for the last conference game of the season, the Farmers were host to a high-spirited Suffolk team. This game will be remembered as a battle of equal ability with Warwick being a victor by a score of 29 to 22.

First Row——Left to right: Kathleen Smith, Edith Morrissette, Barbara Williams, Patsy Tighe, Catherine Fox.

Second Row: Betty Islin (manager), Nancy Nicholson, Ann Callis, Elizabeth Deuell, Billie Abernathy, Judy Brockenbough, Emogene Thomas, Miss Frances Hawley (Coach).

Third Row: Joyce Knight, Evelyn Burns, Evelyn Allen, Mildred Faulkner, Doris Richardson, Mary Ann Worthington, June Jones.

Girls' Basketball

The 1945-46 girls' basketball season was somewhat hectic. Playing the biggest schedule ever played by a Warwick girls' team, the Farmerettes gained valuable experience that will aid them in the future.

Under the leadership of coach Frances Hawley, the feminine Maroon and Gold gave the students plenty of excitement. Slow in hitting the win column, the Warwick lasses dropped six in a row. They made a comeback, however, and reinstated themselves with four victories in their next five.

Much credit is due to the team, whose undying spirit staved off defeat and added many victories to the season's records.

First Row—Left to right: Dale Bippus, Earl Moser, Dick Clark, Leo Williams, Sandros Ayscue.
Second Row—Left to right: Coach Bill O'Hara, Bobby Updike, Ernie Kincaid, Joe Snow, Moty Dumas, Courtney Howell.

Baseball '46

The 1946 baseball season is getting underway as THE WARWICK goes to press. Indoor workouts and arm loosening exercises have begun. This year's team will be under the reins of our new coach, Bill O'Hara.

Last season saw the best team produced in the history of the school scamper off with runner-up honor in the Eastern district conference. While winning nine games, the Farmers dropped three very close ones; that cost them the championship.

The '46 team's prospect is a bright one with seven lettermen returning. These lettermen will give coach O'Hara plenty of experience with which to work. Putting this asset with Coach O'Hara's modern baseball ideas should turn out a team that will take top honors.

As the springtime approaches, the Warwick schedule is incomplete, but conference teams that will compete with the Farmers are Suffolk, Churchland, Norview, Craddock, Broad Creek, Alexander Park, and Oceana.

Track Season '46

The 1946 track season will be in full swing by the time THE WARWICK reaches the press. This year's team will be under the leadership of coach Bobby Spangler. Coach Spangler is making his debut as a track coach at Warwick and will experiment with many new ideas in order to turn out a strong team. He believes that track will serve as a foundation for a strong athletic division and is a necessary step toward the development of high school athletes.

BOB SPANGLER, Coach

Although track is a comparatively new sport at Warwick High, the '46 season promises to be a good one. Last season saw the Farmer fieldmen participate in only two meets, one of which was the District Meet of all class "B" Schools. In this affair the Farmers took second honor. They gained first in several events.

The Warwick aggregation is expected to be strong in the dashes and distance runs since several of last year's veterans are returning. The weight department will probably be the Farmers' chief problem.

The 1946 schedule is incomplete as yet; however, the Warwick squad has received invitations to the class "B" District Meet, the University of Virginia's Spring Indoor Meet and the Apprentice Field Meet. To cope with these outside contests, coach Spangler is planning to stage enough home meets to maintain the student's interest.

ADVERTISEMENTS

The good relationship existing between Warwick County High School and the community in which it is located is indicated by the splendid support which local merchants through their advertisements have given this yearbook.

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

Years of experience have taught us! Printing Pays Us Only When It Pays You!
